

**TICS-M**

Now I'd like to ask you some questions for a memory exercise. I need you to answer these questions on your own, without getting any help from anyone else. Also please do not look anything up or write notes of any kind, as that would give us an incorrect measure. We also need you to try and prevent any interruptions, so perhaps you'd like to close the door to the room you're in and turn off radios or the TV. Please just answer the questions as best you can. Are you ready?

*Note: you can repeat any question ONCE, except for the word list and the sentence repetition.*
